Product Description

From the school-spirited College Colors Program to the vibrant Nike CO.JP collection, Nike Dunks have seen many colorways since the design's inception in 1985. But with each new colorway, the Dunk's classic color-blocking has remained in some capacity. Nike put its timeless color-blocking to work with the Nike Dunk Low Retro White Black.

The upper Nike Dunk Low Retro White Black is constructed of white leather with black leather overlays and Swooshes. Classic Nike branding is featured on the nylon tongue, nodding to traditional Dunk design elements. A white midsole and black outsole completes the design.

The Nike Dunk Low Retro White Black released in January of 2021 and retailed for \$100.

Every Item. Every Time. Shop on StockX with confidence knowing every purchase is StockX Inspected. StockX Inspected is our own designation and not endorsed by brands sold on StockX.

Trust The Process

Our global team of inspectors uses a rigorous, multi-step inspection procedure that includes the following checkpoints:

Condition

We only allow deadstock on our marketplace. That means every item bought or sold must be brand new and never worn.

Packaging

Equally important as the product itself, our team ensures packaging meets the highest quality standards to deliver a brand new product.

Quality Assurance

A final check in our inspection process, our QA inspectors ensure the product meets our high standards.

Advanced Technology

We use machine learning to aid our inspectors in catching every minor detail.

From the school-spirited College Colors Program to the vibrant Nike CO.JP collection, Nike Dunks have seen many colorways since the design's inception in 1985. But with each new colorway, the Dunk's classic color-blocking has remained in some capacity. Nike put its timeless color-blocking to work with the Nike Dunk Low Retro White Black.

The upper Nike Dunk Low Retro White Black is constructed of white leather with black leather overlays and Swooshes. Classic Nike branding is featured on the nylon tongue, nodding to traditional Dunk design elements. A white midsole and black outsole completes the design.

The Nike Dunk Low Retro White Black released in January of 2021 and retailed for \$100.

																			The lawsuit involving StockX is about allegations that the company misled investors about the profitability of its business and exaggerated the success of its IPO, while also failing to disclose certain material information related to the business.															
7:	I would rate my likelihood of using StockX to purchase a pair of sneakers as an 8 on the 7-point scale because of their wide selection of brands, colors, styles, and sizes available, their reliable customer service and delivery, and the competitive prices they offer. 	The likelihood of me using this website to purchase a pair of sneakers would be highly likely because this is very well organized and I can tell that they. Put a lot of effort into this brand so I would feel comfortable and safe with buying from them because they put so much effort into their brain. There's no way they'd wanna mess it up by doing me. Wrong in any type of way so it kind of in a sense makes me trust them.

167	The reason I chose a 5 out of 7 is because the website can be very dangerous at times from what I have heard. It has great pairs of shoes at pretty good prices but there are dangers when you go to purchase a pair. They could end up not being what you ordered or the shoes could be reps and not real. These are just things that have been rumoured to have happened when shopping with stockx.			0	0	0	1	0	0	0	0	1	1	0	0	0	0	0	2		0	2	19	1	4	1	11			0	1	0	0	1

	I am neither likely nor unlikely to use this website to purchase a pair of sneakers because I don't know if I would want to purchase any of the shoes that they sell on their website based on the shoes I saw on the webpages I looked at. Q2. Based on the information you reviewed, and using the scale below, how likely would you be to use this website to purchase a pair of sneakers?

Note: Respondents who indicated they previously purchased shoes from a third-party online marketplace website are removed from these calculations. On average, respondents in the Test Group reported an equally high likelihood of purchase ($M = 5.91$, $SE = .29$) compared to Control Group respondents ($M = 5.91$, $SE = .25$), $t(63) = 2.00$, $p = .99$.

Respondents who did not previously purchase from StockX or any other third-party site: Of the 29 Test Group respondents likely (5, 6, or 7) to use the website, 7 (24.1 percent) mentioned authentication, guarantees, or trusting the site, compared to 6/27 in Control Group (22.2 percent) who mentioned authentication/inspection, guarantees, or trusting the site. This is a net difference of 1.9 percent.
